Heather  
Sinclair

Who is this person  
that  
ded-  
hours  
life  
you  
open

I am  
indicating  
of my  
to tell  
all about  
and reveal.

Preamble: hi. welcome to the 2nd Digest  
mini-comic. once, when i was 11, i entered a karate tournament. i was fighting this girl who was way taller than me and had red hair. we fought for what seemed like hours...i couldn't get my fists past her blocks. so, in a moment of inspiration, i jumped straight up in the air and kicked her face.  
it was a legal move, and i moved on in the tourney. i was later eliminated by a similarly tall girl. this was the last time i was ever in a fight. this mini-comic is dedicated to that  
jump kick... and my mom.

Love,  
The Degrossi's Digest

oh,hi. i'm heather sinclair. i am basically an inside jokethat the writers of dehrassi started. the thing is, no one laughs at these jokes except the ex-friends of the writers, because they think it is really funny when their enemies fail at their craft. anyway, i kind of suck...let's see every single thing that has ever been said about me on degrassi tv programming.

Likes: cheese, dance, laughter  
Hates: rudeness, insincerity

# 4x07 Time Stands Still: Part I

Mr. Simpson is talking to Toby and Rick a couple of days before Rick kills himself and cripples Jimmy. Nice foresight Archibald...

"Heather Sinclair just came down with mono. Her loss is Jimmy's gain."

Embarrassing, but  
also oddly inspiring

2x03 Girls Just Wanna Have Fun

Paigé is making fun of Spinner's dancing ability...again, unprovoked and mean.

"Okay, I saw better dancing at Heather Sinclair's grade 3 sock hop."

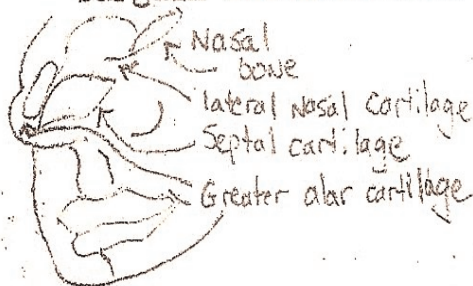

Through this beautiful and often mystifying dance form, many women retrieve confidence about their bodies, which many have lost due to society's

IxII Friday Night

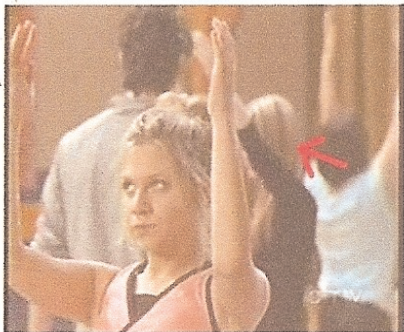

- Paige talks to Emma about Sean... and makes a really inappropriately mean comment...

'Hon, your thing for Sean is more obvious than Heather Sinclair's bargain basement nose job.'

women who did not want to undress started to wear revealing clothing. couples who made love in the dark showed off their bodies to each other after plastic surgery.

Here is the closest thing that we've  
ever gotten to a photo of Heathe r  
Sinclair. She is being touched by Mr.  
Cleander...the child molester.

# 5x12 The Lexicon of Love: Part 2

Paige 'comes out' to Marco about a girl that she likes. Marco thinks it is Heather Sinclair...which is frustrating and lends itself to stereotypes.

'(marco) You? I knew it. It's Heather Sinclair isn't it?(Paige) No. It's not Heather Sinclair. It's Alex.'

6x03 Can't Hardly Wait

Ashley walks up to a guy in a wheelchair (Jimmy)...covers his eyes by maneuvering behind him in a way that would bother me if i was in a wheelchair...and says 'guess who?' Jimmy retorts... 'Uh....Heather Sinclair.'

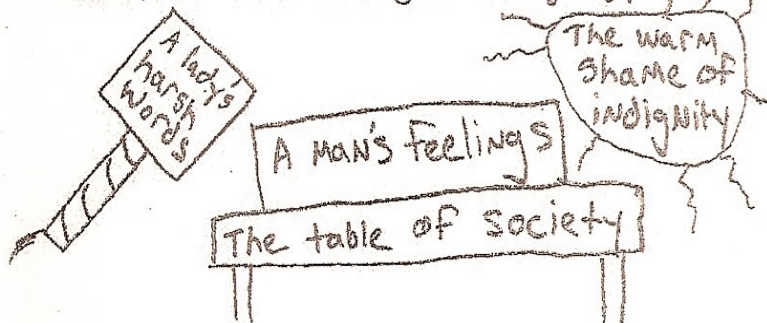

A wheelchair is Part of his or her own personal Space, so don't lean on it, rock it, etc.

Pepper

5x04 Foolin'

Liberty criticizes JT's performance during the morning announcements. Guys are sensitive Liberty...lay.off.

'Guess we should call and tell Heather Sinclair that she got the job.'

Ix05 Parents Day

Terri tries to make Ashley feel better..  
'Heather even has an agent. You could  
totally get an agent.'

Paige sez... 'Heather Sinclair has an  
agent? With that overbite?' ...what a  
d-bag.

337 people with braces were  
studied over a 20 year  
period. It was found that  
the participants teeth made  
little difference in their  
emotional well-being.

### Ix13 Cabaret

Paige talks casually to a classmate and makes a completely unprovoked and mean hearted comment...

'Hom, that sounds lamer than Heather Sinclair's highland sword dance.'

...I think that dance sounds cool.

Artifact Creature ④

Flying 1/5

...actually a pretty crappy card.

#### 4x18 Modern Love

Paige is talking to Mr. Oleander...who is, in legal terms, a sexual predator and offender.

'Marco's not scary. Marco's afraid of bees and Heather Sinclair', not scary. Unless maybe you see her in her granny panties after gym.' Inappropriate.

Daily underwear wardrobe  
May depend on women's  
type of mood or outer  
wardrobe.

#### 4x20 West End Girls

Craig is bummed out that Ashley is going to London to sleep with people that are not bipolar and gross.

"Come on, you. Let's get to the cheese buffet before Heather Sinclair scarfs all the havarti." Sounds like you are putting other people down to feel better about yourself Craig. Real cool.

People who are constantly putting others down, criticizing everything, and making cynical comments haven't learned how to constructively express their anger.

Bonus mini-episode 'mini I7...season 2x4,  
'Be aware of Heather Sinclair'  
All I remember about this is that they  
make fun of Value Village...this is not  
ok with me on any day of the week.

a lovingly crafted digest product

This mini-comic isn't really  
much of a mini-comic I guess.

It was made during the course  
of watching Buckaroo Banzai  
twice. What a great movie.

let's talk about our feelings.
